McCone Tells Senate Panel of Action at Kennedy's Behest

WASHINGTON, April 12 (UPI)—John A. McCone told a Senate subcommittee today how since becoming director, he had reorganized the Central Intelligence Agency under a directive from President Kennedy.

Mr. McCone testified at a closed session of the subcommittee on the C. I. A. It includes members of the Armed Services and Appropriations Committees.

Senator Richard B. Russell, the chairman, said Mr. McCone had briefed the group on world trouble spots, including the present situation in such places as Vietnam, Laos and Cuba. The Georgia Democrat said Berlin had not figured in the discussion.

Senator Russell said the session had been arranged primarily so Mr. McCone could tell about his reorganization of the C. I. A. A change in C. I. A. responsibility was indicated when Mr. McCone's appointment was approved by the

Senate Armed Services Committee earlier this year.

At that time Mr. McCone made public a Presidential letter that instructed him, in effect, to delegate routine administration to his deputy director so he would be free to coordinate the Government's intelligence data.
